

# Digit Series

**UHF antenna which offers high gain and great mechanical resistance.**

**APPLICATION**

Digital and analogue TV reception.

**CHARACTERISTICS**

- Compact and resistant with strong, undeformable clip.
- It has stud bolts to avoid being lost or dropped during assembly operations.
- Immune to most interference generated by different sources.
- It has an F connector which gives it high shielding.
- Digit 25 LTE: Designed for the digital dividend.
  
- DIGIT 45, DIGIT 75: The aluminium reflectors are supplied pre-assembled to make their installation easier, with no need for tools.
