

60 years of semiconductor expertise. **Your european alternative.**

Diodes & Bridge rectifiers

A reliable alternative for a more resilient supply chain.

A reliable, long-term partner

With decades of experience in the automotive industry, Fagor Electronica is a reliable partner committed to delivering high-quality semiconductor solutions.

Part of MONDRAGON Group

Fagor Electronica is part of MONDRAGON Group, one of the world's leading cooperative business groups, committed to innovation, industrial development and sustainable growth.

500
employees

Since
1966

Global
presence

Part of
Mondragon
Corporation

Combining european expertise with global manufacturing capabilities.

MONDRAGON SPAIN

- Head quarters & decision making
- R&D and engineering
- Front – end (wafer production)

CHACHOENGSAO THAILAND

- Fully owned manufacturing facility
- Back-end production (assembly & testing)
- Operational since 1996

MONDRAGON-SPAIN

CHACHOENGSAO-THAILAND

Diodes for today's and tomorrow's electronics

A complete range of diode solutions

Fagor Electronica offers a wide variety of diodes, covering different ranges of power and voltages in axial, radial and SMD packages. We manufacture rectifier, fast and ultrafast, Schottky, Zener, TVS and bridge rectifier diodes to meet any market demand.

Reliable partner for demanding applications

Our diode solutions are present in a wide range of industries, supporting critical and high-volume applications around the world

Fagor Electronica is building a new Clean Room

Fagor Electronica takes a technological leap forward with this new production plant, significantly increasing its manufacturing capacity and strengthening its capabilities to meet the demands of an evolving industry.

The new facility will feature a **state-of-the-art cleanroom**, designed to meet the most demanding quality and reliability standards in the semiconductor industry.

Advanced technology. Exceptional quality. Made for the next generation of power electronics.

Our contribution to the sustainable development goals

At Fagor Electronica, sustainability is part of the way we understand technology, innovation and responsible growth.

As part of the MONDRAGON Group, we contribute to the United Nations Sustainable Development Goals (SDGs) through our commitment to responsible manufacturing, technological innovation, energy efficiency, people and the environment.

IATF 16949: 2016 Standard
ISO14001: 2015
